## A PLEA FOR SIMPLICITY IN GRADUATION DRESSES

The schools of Paris and the county are now planning for graduation exercises of their senior classes, and for exhibitions that shall conclude the year's work. The cost of graduation has been one reason why many people fail to send their children through school, particularly their daughters. Where a girl must have two handsome dresses in order to make a good showing, besides gloves, fans, flowers, rings, pictures, engraved invitations, and no end of fussy details, it is a big burden on the backs of a hard-working family.

Frequently a family with slender means, has spent just as much as others. They hated to admit any inferiority. The girl of wealth might be indifferent to expenditure, because she could wear handsome gowns on most any old occasion. But it was the poor girl's one chance to make a spurge, and she proposed to go the limit.

School authorities ought to stop that kind of thing. Graduating exercises should be made simple and democratic, so they should be no barrier to the family of small means.

The plan for having girls make their own clothes for graduation has been adopted in many schools. Such an idea could be well recommended to the young folks of Paris. Girl graduates thus attired win admiration for their skill and initiative and common sense, more than they would ever get for any expenditure they would make with costly dressmakers.

Boys who invite girls to attend the festivities of these occasions sometimes feel that they must spend money lavishly on automobiles and flowers. A mother said the other day that the girls care nothing for such attentions and would just as soon walk to a dance. Money has been coming very easy to some boys through the period of high wages, but the time will come when they will need it.

## WILL PROBATED.

In the County Court at Carlisle, the will of Henry C. Mann, formerly of Paris, who died at his home in that city, some time ago, was admitted to probate. His son, F. M. Mann, of Carlisle, was named as administrator of the estate, and qualified for the trust, no bond being required. Charles P. Mann, of Paris, is one of the heirs to the estate.

## P. H. S. DOMESTIC SCIENCE CLASS SUPPER

Members of the Domestic Science class of the Paris Public School, under direction of Miss Stella Rierson, gave a supper in the High School gymnasium, Tuesday night, attended by a large number of Paris business men and women. The supper was prepared by the members of the class.

Rev. T. S. Smylie, pastor of the Paris Presbyterian church, delivered the invocation. Charles H. Richards, song evangelist, sang several numbers. At the close of the supper A. B. Hancock, president of the City Board of Education, called on Rev. Jesse R. Kellums, for a five-minute talk. Rev. Kellums' remarks were chiefly with reference to Paris being a city built upon the hills of progressiveness, morality and religion, for which reason she could not be hid. Misses Ellen Blanding and Adrienne Ennis furnished a short musical program, which was followed by the principal address, delivered by Rev. Dr. Ira Boswell, pastor of the Georgetown Christian church. Dr. Boswell took for his subject, "The School House As An Investment for The Future." He praised the public school system, and dwelt upon the necessity of improvement of the present generation over the past. Wm. E. Hacker, Secretary of the Paris Commercial Club, in behalf of the Club, in whose honor the supper was given, presented Miss Rierson and her class with a five-pound box of bonbons.

## TO ATTEND GOOD ROADS CONVENTION

A delegation from Paris and Bourbon county will go to Covington on Wednesday, June 1, to attend the sessions of the Northern Kentucky Good Roads Convention. Plans for the inauguration of extensive road building in Northern and Central Kentucky are to be discussed at this convention, according to members of the Good Roads Association. It was said Wednesday that large delegations from Paris, Lexington, Frankfort, Cincinnati, Falmouth and other nearby cities, would attend. Members of Fiscal Courts from adjoining counties have been invited to attend the sessions.

## PARIS COMMERCIAL CLUB NOTES

A meeting of the newly organized Community Service Committee was held at the home of Miss Lucy B. Simms, on Second street, Tuesday evening when articles of incorporation were drawn up and adopted. These articles will be filed with the Secretary of State immediately. The purpose of the organization, as stated in the articles, is to develop more adequate community recreation, with immediate attention to the playgrounds for children and the development of other park and play spaces. By means of this work, the effort will be to create a more active community spirit. A very pleasant feature of the meeting Tuesday evening was the provision Miss Simms had made for those present. Cigars were served to the men, and bonbons to the ladies.

This final form of organization is the result of the initiative taken by the Commercial Club and the Woman's Club to encourage and promote playgrounds and parks for Paris. The local Community Service organization will be affiliated with the National Community Service, with headquarters in New York. Through the medium of this national organization they will be able to receive the advantages of experience along these lines in all parts of the country. One of the features of the National movement is to provide specialists in lines of work that is being promoted locally. Carrying out this idea it is expected that Miss Sophie Fishback will arrive in Paris about the first of June to demonstrate certain playground activities and to develop local people for leadership of such activities.

Since this is a community organization, it is felt that it should be thoroughly democratic. The articles of incorporation have been so drawn up that all members of the community may participate in its support and the benefit to be derived. Dr. M. H. Dailey, who is deeply interested in parks and playgrounds developed, and who served as chairman of the playgrounds committee of the Commercial Club, was recently elected president of the Community Service organization. Mayor E. B. January is vice-president, and Grover Baldwin, treasurer. The other members of the committee are Mrs. Thos. Henry Clay, Jr., Mrs. W. H. Whitley, Miss Lucy B. Simms, Miss Imogene Redmon, Mrs. James McClure, Catesby W. Spears, M. Peale Collier, John Christman, Dr. J. A. Orr, William Collins, Judge Denis Dundon and E. H. Gorey. This will be known as the Board of Managers, and several other members will be added in the near future.

## NOTES FROM "FANDOM"

The S. S. Price Co. base ball team defeated the Centerville team Sunday afternoon on the Centerville grounds by a score of 9 to 4. The batteries were Marques and Doggins for the Price team, and Smith and James for Centerville.

There will be no game at the Second street park Sunday afternoon, for the Ruggles team. The diamond will be occupied by two colored teams. Paris will play the Versailles team on the local grounds next Monday, May 30, Decoration Day. The local team expects a number of changes in the line-up, tending to strengthen weak points.

Two ardent base ball fans in the grand stand at the Paducah League Park do not go out to see the game. They go to hear it. Both are totally blind. These fans are Will Arnold and Edward Pyle, of Mayfield. They never miss a game. Neither can see what goes on in the diamond, but they can follow a game through, seldom missing a play.

A stock company has taken over the Mt. Sterling baseball club. A new grandstand will be erected, new uniforms purchased, new players secured, and an effort will be made to make it one of the strongest semi-professional teams in the State. Games will be scheduled with Central Kentucky towns.

In a ten-inning game on the Millersburg grounds Tuesday the Carlisle team met defeat at the hands of the Millersburg base ball club by a score of 3 to 2.

## TAKE NOTICE, EDITOR FISHER.

Many of the big chug holes or craters left in the principal streets of Paris were being filled up yesterday by a force of workmen under the direction of the street department. Many more remain to be similarly treated. THE NEWS ventured a suggestion several days ago to the effect that the streets were in bad condition and needed repairing. We don't claim credit for the work being done, but perhaps the seed fell on prepared ground and bore fruit.

## SCHOOL NOTES.

The closing recitals of Miss Giltner's classes in music will be given in the Auditorium of the City School at Paris, Kentucky, Monday evening, May 30th, at 8 o'clock and Tuesday evening, May 31, at same hour. The public is cordially invited.

—Mr. and Mrs. Charles Walls, of Little Rock entertained the graduating class of the Little Rock Graded School, with a dining. About twenty-five guests were present for the occasion. The 1921 graduating class is composed of Misses Elizabeth Burris and Lillian Crump, and Clark Wells.

—Miss Mabel Templin, daughter of Mr. and Mrs. T. T. Templin, of South Main street, Paris, has been re-elected to the position of teacher of expression at the Little Rock Graded School. Miss Templin is a graduate of the Paris High School, where she attained high honors. She is an accomplished musician and gifted in other lines of an educational nature.

Among the Bourbon county diploma graduates, examined in Bourbon county on May 20 and 21, were the following, who led the list:

Miss Mary Ewalt Clay, aged thirteen, of the school at Fisherville, Ky., achieved an average of 94. She is a daughter of Henry Clay, of Spencer county, formerly of Paris. Miss Lillian Donaldson, R. F. D. 4, Paris, student at the Millersburg Public School, achieved an average of 94. Miss Dorothy Pepper, student at the Paris City School, received an average of 94.

As a result of the recent eighth grade examination figures show that the average mark for girl students was 84.8 per cent, while the average for boys was 82 1/2 per cent. The report shows that out of the eighty-three white children who took the examination; there were forty-nine Eleven pupils, or 13 1/2 per cent, of girls fifty-nine per cent, of the class. Eleven pupils, of 13 1/2 per cent, of the class of eighty-three had averages above ninety per cent. Out of the eleven, eight were girls and three boys. Among the sixteen negro pupils who took the examination there were eight girls and eight boys. Only one of these received an average above ninety per cent, and this was one of the boys. The average mark of the white children was eighty-four per cent, and for the colored children 83 13-16 per cent.

The honor pupils were: Alice Burton, 12, Paris, 91; Mary Ewalt Clay, 13, Fisherville, 94; Dudley Deaver, 12, Paris, 91; Lillian Donaldson, 15, Paris, 92; William Judy, 13, Paris, 91; Dorothy Pepper, 14, Paris, 94; Mary Spears, 12, Paris, 93; Anne Caywood Talbott, 12, Paris, 92; William Hinton, 14, Paris, 90; Alma Tabor, 14, Peacock Pike, 90; Florence Thomas, 14, Paris, 90; John Finch, 15, (colored) Paris, 92.

—Prof. Lee Kirkpatrick, superintendent of the Paris Public Schools, who for the past year has been president of the Southern Club at the Columbia University, in New York, is now arranging for a group of Southern students, who will leave Lexington on Sunday, July 3, arriving in New York on Monday, July 4, in time to register for the opening of Columbia College, on July 5. All Bourbon county children who have taken the county diploma examination, during the past year, are requested to be present at the High School auditorium this (Friday) afternoon, May 27, at four o'clock, to arrange for county commencement. All Bourbon county teachers interested in the Bourbon county summer school are requested to be present at the same time and place.

## COUNTY SUPERINTENDENT'S BOOKS ARE AUDITED.

Hord W. Mann, expert accountant, who was secured by the County Board of Education to make an audit of the County School Superintendent's books, has finished his labors and submitted his report, which was accepted by the Board and filed. The report covers a period extending from July 1, 1920, to March 31, 1921. The report states that the records appear to have been properly kept, and that their financial condition is excellent. The average cost of a pupil for the period covered in the report was \$27.20.

The records of the County High School at Millersburg were also carefully inspected, no excessive expense being discovered, considering the scope of the work, according to the report. The average cost a pupil at this school was \$43.37, giving it fourth place in the schools of the county, from the standpoint of cost. The County Board is planning to make the County High School more available to the county at large.

In an analysis of the report, the Board of Education finds that "the present incumbent, J. B. Caywood, has been faithful to his duty as Superintendent, as he sees it; he has handled the affairs in an economical way, and has been faithful to the trust placed upon him." The report is open for inspection by anyone interested who will call at the Superintendent's office in the court house.

## DON'T FORGET THIS!

Monday, May 30, will be a holiday. The banks and postoffice will be closed. The day is a legal holiday, Decoration Day. Do your banking business on Saturday and get your postal supplies the same day. This will save you much annoyance and vexation of spirit. Don't say you forgot that you was warned.

## BOURBON COUNTY FISH AND GAME CLUB.

At a meeting of Bourbon county devotees of the rod and gun held in the court house, a permanent organization of the Bourbon County Fish and Game Club was effected by the election of the following officers: Ayelette Buckner, president; Chas. W. Spears, vice-president; James D. McClintock, secretary and treasurer.

President Buckner appointed a committee composed of J. Sims Wilson, Harry Baldwin, Tilden Duncan, Charles W. Spears, Wm. B. Ardery and Alfred Clay, to solicit members in the organization. The membership fee was placed at \$2.00 per year. The president was authorized to appoint an Executive Committee of twelve members. Alfred Clay was appointed chairman of a committee to arrange for a fish fry to be given on Tuesday, May 31, at Xalapa Farm, by the club.

The formation of the Bourbon Fish and Game Club is a step in the right direction. Bourbon county sportsmen, and not "pot-hunters" are the most loyal in the State. They believe in the observance of fish and game laws and the proper respect those laws, and in the principles of true sportsmanship. Their aim will be to help the game wardens enforce the laws, and to that end they should have the earnest support of all classes, who believe in the enforcement of law.

## BUCKING AGAINST OUR DIXIE HIGHWAY

A thousand persons are expected to attend the burgoon and Dixie Highway meeting which will be given on the college campus, in Georgetown, to-morrow, by the members of the Georgetown Boosters' Club.

Several prominent out-of-town speakers will explain to the people the highway situation as it now stands and discuss the significance of the highway's permanent construction. Talks will be given by local business men.

About \$300 will be spent by the Boosters' Club and Georgetown merchants providing burgoon and lunch for the guests. The Georgetown College orchestra, under the direction of C. E. True, will furnish music. Dr. Ira M. Boswell, who attended the highway meet in Chattanooga last week as a delegate from the Boosters' Club, will make a report.

## YOUTHFUL OFFENDERS BROUGHT TO TIME

Charged with having appropriated to their own uses a fine fishing reel belonging to Clyde Keller, of The Sweet Shop, two boys between the ages of ten and twelve, were arrested by Chief of Police Link. The articles were taken from the rear yard of the Sweet Shop, and had been sold to a man for fifty cents.

Mr. Keller left a box containing the reel, several fishing lines and other tackle in the yard, and when he went to bring the box in it had disappeared. As he left the back door of the store to search for the missing tackle the two boys came into the yard. Suspecting them Mr. Keller informed Chief Link, who found the boys, and secured a confession from them. The boys went with the officer and located the man who had bought the reel, which was restored to Mr. Keller.

## VETERAN PORTER DEAD

Henry Smith, aged about sixty-five, one of the best-known colored men of Paris, died at the home of his daughter in Claysville, Monday night after a long illness. Smith for years was porter at the old Bourbon House, afterward the Windsor Hotel, in this city, and was known to hundreds of traveling men who come to Paris. Some years ago Smith went to Pineville, where he was porter at the Continental Hotel, which was then under the management of Robert Parks, of Paris. He had been in declining health for some time following his return from Pineville. In the youthful days of the present city editor of THE NEWS, Henry Smith was his guardian and caretaker. One of the earliest recollections of our infancy is of Henry Smith holding us in his arms to see a freight train pass by the old home on South Main street, the road at that time being the old Kentucky Central.

## ON AGAIN, OFF AGAIN

In asking about the unsatisfactory telephone service the other day, it was explained to us in a manner that ought to be accepted by the patrons and overlooked to a certain extent. It is as follows:

"At 1 p. m. two new operators come on duty and two old ones go off; at 7 o'clock the night operators duty again and the new ones go off; at 7 o'clock the night operators come on, etc., etc. The night work is generally better than the day work and you can get service if the line is not busy and you don't need new batteries, etc., etc."

With such an explanation as the above it looks like the public is asking too much. Let's be a little more lenient—we didn't know the circumstances.

At Jefferson City, Mo., Wednesday, the State Public Service Commission ruled that telephone subscribers have a right to use abusive language at least once to telephone operators when connections are not satisfactory. The ruling was made in the case of George H. Oxford, Daviess county farmer, who sued to have service restored by the Carlow Telephone Co., Oxford's telephone had been removed following an altercation with a young man in charge of the exchange at Carlow.

In making the ruling the Commission stated that a single instance of use of abusive language was not grounds for discontinuance of service. Mention of a similar decision by the Illinois commission was made in the decision.

## SAYS PEOPLE ARE WASTING NATURAL GAS

The two thousand delegates to the convention of the Natural Gas Association of America, at Cincinnati, cheered when a miniature gas derrick erected on the stage of Music Hall began to operate when President Harding pressed a button at the White House. Another pressure of the button by the President set an electric fan in operation and the wind from it waved a flag which was set in a horseshoe of flowers.

The feature of the opening session was an address by I. V. Brumbaugh, gas engineer for the United States Bureau of Mines. Mr. Brumbaugh said that expert estimates of the wastage of natural gas for domestic purposes was 150,000,000,000 cubic feet, which if replaced with artificial gas would cost \$1.25 a thousand or a total of \$375,000,000. "Natural gas is an ideal fuel," he said, "and it is the height of folly, amounting almost to a crime, for intelligent people to waste a natural product which is so useful and is disappearing so rapidly."

He urged conservation through changes made in gas appliances which he described to the delegates.

## MAY BE CANDIDATE FOR FAYETTE JUDGSHIP

According to what seems well-founded information Judge Harmon Stitt, formerly of Millersburg and Paris, will be a candidate for the office of County Judge of Fayette County. Judge Stitt moved his law office from Paris to Lexington several years ago, and has built up a lucrative law practice there. He is in every way qualified for the office, and no man at the Lexington bar is better fitted to preside over the deliberations of the County Court. He is an able and talented attorney, thoroughly versed in all the technicalities and intricacies of the legal codes. Bourbon county friends will watch his candidacy with the greatest interest.

The Lexington Herald, of Sunday in a write-up of local political features, has the following: "Possibility of another entry into the race for County Judge, is rumored, Judge Harmon Stitt, formerly of Millersburg, and later of Paris, having stated he is being urged by friends to announce. Other candidates, Keene Daingerfield, assistant county attorney; Magistrate E. H. Doak, Colonel "Dick" Reed and J. Franklin Wallace have been conducting an active canvass of the voters in the past few days."

## Some FACTS About

**Ford**  
THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921, and how many have been sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,305	63,603
MARCH	61,886	87,221
Total Production	127,074	Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembling plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

## WOMEN ARE PECULIAR CREATURES.

Our attention has been called to the fact that we never saw a bald-headed woman. Well, what of that? There are a good many things we never saw. We never saw a woman sit on a dry goods box and surround herself with a filthy pool of extract of tobacco sprayed through her teeth; we never saw her go fishing with a bottle of bait in her pocket, sit on the damp ground, and get drunk at night; we never saw a woman yank off her coat, give her pants a hitch, spit on her hands and swear she could whip any man in town.

Come to think of it, there are a good many things we never saw a woman do, and don't want to, either.

## NEW REGULATIONS FOR WHISKY PRESCRIPTIONS

New regulations have been prepared which will enable physicians prescribing whisky for medical purposes to write as many prescriptions as they consider necessary, prohibition officials said Friday. Under existing regulations physicians are limited to 100 whisky prescriptions ever a period of ninety days. The new regulations, officials said, were ready for consideration by the new commissioner of internal revenue. Removal of the limit from the number of prescriptions for whisky, it was explained, was made necessary by the opinion of former Attorney General Palmer, holding that Congress had not delegated to the prohibition authorities the right to fix arbitrary limits to the use of whisky for medical purposes. The only limit imposed by Congress, according to Mr. Palmer's interpretation of the law, officials asserted, was that not more than one pint could be prescribed for any one person within ten days.

## FIGURES GIVEN OF U. S. POPULATION.

Final statistics placing the total population of Continental United States at 105,710,620, or 27,512 more than announced last October when preliminary figures were given out were submitted to Speaker Gillett, of the House of Representatives, for apportionment purposes by Director William M. Stewart, of the Bureau of the Census.

Final figures place the total population of the outlying possessions of the United States at 12,148,728, which brings the population for the entire country and its possessions to 177,859,358.

## Catarh Can Be Cured

Catarh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. ## KENTUCKY AND LIVE STOCK REPORT MAY

The condition of Kentucky's wheat crop indicates a probable production of about 7,851,000 bushels this season, compared to 5,610,000 bushels last year, according to the May crop report issued by the U. S. Bureau of Crop Estimates in co-operation with State Commissioner of Agriculture W. C. Hanna. Probable rye production is estimated at about 505,000 bushels, compared to 480,000 bushels last year; hay of all kinds about 1,661,000 tons compared to 1,508,000 tons grown last year. Actual production this season may prove greater or less than these estimates, depending on whether conditions are particularly favorable or unfavorable between now and threshing time and hay harvest.

Wheat and rye in most counties came through the winter in good condition, but farmers in most of the wheat growing counties report that wheat has been injured some by the late frosts and cold, wet weather this spring. Kentucky's wheat acreage left for harvest now is estimated at 603,000 acres compared to 550,000 finally harvested last year, but some farmers report an intention to "hog down" wheat if the price should be very low or a poor yield in prospect at harvest time. Condition this month is 93 per cent. of normal, compared to 71 per cent this time last year, and a 10-year average of 90% May 1.

The very early spring was generally favorable for plowing and other spring work, but the recent rains and cold weather have been general almost throughout the State, so that plowing is only 69 per cent. completed, compared to 71 per cent. usually done by May 1. Fifty per cent. of spring planting was finished by May 1, compared to 43 per cent. usually done by May 1. Pasture is 93 per cent. of normal compared to the 10-year average of 86. Twenty-five per cent. of last year's hay crop in Kentucky (or 377,000 tons) is still on farms, compared to about 157,000 tons May 1, 1920.

Livestock losses during the winter were unusually light, except in some localities, and the spring condition of stock in general is above average. Losses from each 1,000 head during the winter and spring were: Horses and mules 13; cattle 22; sheep 36; lambs 48; swine 30. The average losses during the last 10 years have been: Horses and mules 19; cattle 33; sheep 56; lambs 73; swine 63.

## MAY PROVE FATAL

When Will Paris People Learn the Importance of It?

Backache is only a simple thing at first; But if you find 'tis from the kidneys; That serious kidney troubles may follow; That dropsy or Bright's disease may be the fatal end. You will be glad to know the following experience. 'Tis the statement of a Paris citizen.

Mrs. A. T. Alexander, 720 Vine St., says: "A few years ago I had an attack of kidney trouble and for a time I was unable to do my housework because of the severe pains across the center of my back. Many a night I couldn't get a wink of sleep on account of the misery in my back. My feet and ankles would swell so badly that I would have to wear large bedroom slippers. I had pains in the head, too. As soon as I began using Doan's Kidney Pills I got relief and I am pleased to recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Alexander had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## SEVERELY BURNED BY GAS EXPLOSION

L. S. Robbins, formerly of Bourbon county, now residing in Carlisle, met with a very painful accident recently while about fourteen miles from Paintsville, in Magoffin county. Mr. Robbins, who is in the oil business, lighted a match near a gas pipe, which ignited, severely burning his face and hands. He was given first-aid treatment, and later brought to a Lexington hospital, where his injuries were given attention. He was taken to his home in Carlisle later on.

## LOUISVILLE LIVE STOCK EXCHANGE SALES JUNE 2.

Dear Sir:

The first of the sales to be conducted by the Louisville Live Stock Exchange in its efforts to promote better bred livestock will be held within the next twelve days (June 2.) On the success of this sale of 300 pure bred bulls largely depends the hope for future improved conditions in the livestock situation in Kentucky. If the sale proves as popular, as there is every indication it will be, the first step upward in the purebred livestock movement is taken and succeeding steps forward will be easier.

It is timely to reiterate the statement that the Exchange will not derive one cent's profit from the sale; that the movement originated with the United States Department of Agriculture and is supported by the University of Kentucky College of Agriculture, the Kentucky Pure Bred Livestock Association and all the livestock interests of the State; that bankers and business men in the farming districts are giving their aid and that the campaign is the greatest ever undertaken in the history of the State for the benefit of the livestock grower.

The first kindergarten law in this country was enacted in 1886, in Connecticut and Vermont.

A large part of the educational literature in China relates to agricultural courses.

## DEATHS.

McKINLEY

—Green McKinley, 96, oldest man in Adair county and possibly that section, died at the home of Dr. Blair, near Glensfork, Ky. Deceased was the father of eight children, all living, the youngest being 55 years old. He never had a death in his immediate family. Twenty-seven grand children and thirty great-grand children and quite a number of great-grand-grand children survive.

MOSES

—The funeral of Mrs. Jennie Moses, aged about sixty, who died Sunday, about six miles from Lexington, after a short illness of heart trouble, was held Tuesday morning at eleven o'clock at the residence. The interment followed in Battle Grove Cemetery, in Cynthiana. She is survived by her husband, one daughter, and three sons, one of whom, Harry Moses, resides near Paris.

PRATHER

—Miss Alma Dean Prather, aged twenty-one, died at the home of her parents, Mr. and Mrs. John Prather, near Plum Lick, this county, after a long illness due to a complication of diseases. Besides her parents she is survived by several brothers and sisters. The funeral was conducted at the family home, with services conducted by Rev. Ward Russell. The interment took place in the Carlisle Cemetery.

JONES

—Joseph Allen Jones, aged sixty-seven, died at his home in Moorefield, Nicholas county, after an illness of but a few days. He was a native of Fleming county, but moved to the Moorefield vicinity three years ago. He is survived by his widow, three daughters, one of whom, Mrs. Thomas Hyatt, resides in Paris, and five sons. The funeral was held Wednesday afternoon in the Moorefield Christian church, with services conducted by Rev. S. L. Moore, after which the interment took place in the Carlisle Cemetery.

WEAVER

—Dr. R. D. Weaver, of North Middletown, veteran of the Civil War, died at his home in North Middletown, about 2:30 o'clock Wednesday afternoon of a complication of diseases. Dr. Weaver was about seventy years old.

Dr. Weaver enlisted in the Confederate service when quite a young man, and went through the great struggle as a member of the medical corps with the rank of Surgeon. At the close of the war he returned to Kentucky, locating in North Middletown, where he built up a large practice and where he had formed lasting ties of friendship in the community. He was one of the most prominent citizens of the North Middletown vicinity and one of the best-known members of the medical profession in the State.

Dr. Weaver was a man of fine principles and of the highest character, whose mission to do good wherever he could was always foremost in his thoughts. He was in every sense of the phrase, a thoroughly high-class gentleman, one whose friendships were many and enduring.

He is survived by his widow, who before her marriage was Miss Piper, of Carlisle, a sister of the late Mrs. Charles H. Meng, of North Middletown, and by one daughter, Mrs. Strather Mitchell, of Mt. Sterling.

The funeral will be held at the family home in North Middletown at 2:30 o'clock this (Friday) afternoon, with services conducted by Rev. Frank M. Tindler, pastor of the North Middletown Christian church. The body will be taken to Winchester where the interment will take place in the Winchester Cemetery.

Dr. Weaver had been married forty-seven years, and had resided in North Middletown for thirty-three years. He was born and reared near Winchester.

## INTERESTING OLD RELIC TO BE EXHIBITED

One of the most interesting things that will be exhibited at the Lexington Public Library, Monday, at the Exhibition Day exercises of the Bradford Historical Society is a blunderbuss belonging to Mrs. Thomas H. Clay. A hundred years or so ago this old weapon, fashioned of wood and flint, defended the hearthstone of Waldemar Mentelle, a French gentleman, who fled from France during the French revolution and purchased a plantation on the Ohio River, near Gallipolis, Ohio.

Monsieur Mentelle and his lovely wife, with a group of friends arrived and staked their claim, only to be informed that they had been defrauded, that the company to which they had paid their money for a home had no ownership of the land. Peniless, in a strange land, they wended their way to Kentucky, and found a home in the Bluegrass region. It was but a short time until Kentucky hospitality became a reality to them, and they were given a home across from Ashland, where they founded a select school for young women, and taught the cultural arts of music, dancing and French. Mary Mentelle, the daughter of the pioneers, married Thomas Hart Clay, son of Henry Clay, and the blunderbuss thus came into the possession of the late Thos. H. Clay, Jr., Mentelle Park, in Lexington, was named in honor of the Mentelles.

Alabama now has 319 consolidated schools, as compared with 8 five years ago.

## OIL COMPANY SUES TO HALT RECEIVER

The Mutual Oil Refining Company, which is suing State Banking Commissioner James P. Lewis on account of his published statements in connection with a revocation of the company's licenses to sell stock, not only to the public but also to its stockholders, applied for a writ of prohibition in the Court of Appeals against Circuit Judge Frank M. Tracy, Covington, who appointed a receiver for it in the suit of James Dwyre to recover the \$500 he paid for 2,000 shares of stock.

The headquarters of the company, a Delaware corporation, is in Lexington. C. L. Bell, formerly of Paris, is president.

Mr. Dwyre charges that the company received for the 1,783,843 shares it sold, all the way from 10 to 50 cents the share. There were paid in, he said, \$216,926.07, and \$57,731.86 paid out for commissions. He charges that the company invested \$30,000 in the Bourbon Oil & Development Company and the Co-operative Oil & Development Company, both of which Mr. Bell was president, at that time having head offices in Paris, and loaned them \$64,182.35. Both of them, he declares, are insolvent. He said Mr. Bell and the company "juggled real estate from him to it and from it to him for the sole purpose of making a profit for the officers."

**GETTING READY FOR GRASS SEED HARVEST**

Harvesting of the blue grass seed crop, an annual event of great importance in the Bluegrass region, will soon be under way. Dealers and farmers who strip the seed are marshaling their forces and getting machines ready for gathering a large acreage of seed in the county. No estimate as to the probable yield has yet been made or given out. The harvesting will begin about the middle of June, when a large force will be employed.

### Escape the "Stout" Class

An attractive figure is not a matter of size but of correct proportions. The stout women who are never spoken of as "stout" are those who give a little time and thought to proper corseting.

Rengo Belt Reducing Corsets give the wearer an appearance of slenderness. The exclusive Rengo Belt feature gives strength and support where the greatest strain falls—over the abdomen and hips. They have the reputation of being "the most economical reducing corsets ever devised."

### MAJORITY OPPOSED TO TOBACCO PROHIBITION

Recent discussion as to the possibility of there ever being a campaign for the prohibition of tobacco led the Press Service Company, of New York, to take a poll of the sentiment of the newspaper editors.

In the tabulated report by States, the figures showed that of 12,518 editors questioned, 7,847 replied. They represent a combined circulation of more than 21,000,000.

7,393 or 95 per cent. reported that public sentiment in their communities is opposed to the prohibition of the personal use of tobacco by adults. Only 260 or 3 per cent. thought public sentiment favorable to tobacco prohibition. 174, or 2 per cent. were in doubt, while only 20 failed to record their judgment.

## SO WEAK SO NERVOUS

### How Miserable This Woman Was Until She Took Lydia E. Pinkham's Vegetable Compound

Toomsboro, Ga.—"I suffered terribly with backache and headache all the time, was so weak and nervous I didn't know what to do, and could not do my work. My trouble was deficient and irregular periods. I read in the papers what Lydia E. Pinkham's Vegetable Compound had done for others and decided to give it a trial. I got good results from its use so that I am now able to do my work. I recommend your Vegetable Compound to my friends who have troubles similar to mine and you may use these facts as a testimonial."—Mrs. C. F. PHILLIPS, Toomsboro, Ga.

Weak, nervous women make unhappy homes, their condition irritates both husband and children. It has been said that nine-tenths of the nervous prostration, nervous dependency, "the blues," irritability and backache arise from some displacement or derangement of a woman's system. Mrs. Phillips' letter clearly shows that no other remedy is so successful in overcoming this condition as Lydia E. Pinkham's Vegetable Compound.

You'll enjoy the  
 sport of rolling  
 'em with F. A.!

FIRST thing you do next  
 go get some makin's  
 papers and some Prince  
 Albert tobacco and puff away  
 on a home made cigarette  
 that will hit on all your  
 smoke cylinders!

No use sitting-by and say-  
 ing maybe you'll cash this  
 hunch tomorrow. Do it while  
 the going's good, for man-o-  
 man, you can't figure out  
 what you're passing by! Such  
 flavor, such coolness, such  
 more-ish-ness—well, the only  
 way to get the words em-  
 phatic enough is to go to it  
 and know yourself!

And, besides Prince  
 Albert's delightful flavor,  
 there's its freedom from bite  
 and parch which is cut out by  
 our exclusive patented pro-  
 cess! Certainly—you smoke  
 P. A. from sun up till you  
 slip between the sheets with-  
 out a comeback.

Prince Albert is the tobac-  
 co that revolutionized pipe  
 smoking. If you never could  
 smoke a pipe—forget it!  
 You can—AND YOU WILL!  
 —if you use Prince Albert  
 for packing! It's a smoke  
 revelation in a jimmy pipe  
 or a cigarette!

Prince Albert is sold  
 in tippy red bags,  
 tidy red tins, hand-  
 some pound and half  
 pound tin humidors  
 and in the round  
 crystal glass humidor  
 with sponge  
 moistener top.

THE country's oldest course in point  
 of consecutive years of racing,  
 Churchill Downs, opens for 1921 with  
 the assurance of a memorable season.

Never before have there been so  
 many horses of high class quartered at  
 Louisville's historic course; seldom has  
 interest in thoroughbred racing been so  
 keen, and never, perhaps, has it been so  
 wide-spread.

**Musical Instruments in Arabia.**  
 "The Arabian love-songs seemed of aid for the desert. Always in a minor key, usually high-pitched, slightly nasal, at times, and ending in a resigned, hopeless minor note, they were weird and plaintive," according to a writer in Asia Magazine. "One did not need to understand the words; perhaps it was best that one should not, for they were frequently bald and unlovely. It was the music that told the story, revealed the passion and even hinted of that it dared not tell."

## SWIFT & CO.'S WEEKLY PRODUCE MARKET REVIEW

The volume of cream delivered to creameries is larger than last week and is considerably heavier than a year ago. Prices are generally unchanged for butter and butterfat.

Eggs are showing the effect of warmer temperatures and there has been a lower tendency in the market the last few days. Announcement of the warehouse figures showing stocks in storage on May 1 of 4,802,000 cases of eggs, as compared with 2,135,000 cases last year, showing an excess of 2,667,000 cases has had a little unsettled influence.

April and May eggs are of the highest quality and a goodly portion are placed in storage. As we approach the summer weather, eggs are not the satisfactory quality which they showed in the cooler spring months, and the demand for storage is therefore limited. It is of the utmost importance that eggs be gathered daily, kept in a cool place, and marketed frequently.

The poultry supply is normal for this season of the year and prices show little change.

A few broilers are beginning to show up on the various markets, but due to the generally lower value of other foods, and the large stock left in storage last year, prices are considerably under a year ago. It is not expected the demand for small broilers will be very active for some few months.

## "IT SEEMED LIKE I COULD NOT LIVE"

Her Recovery After Three Years of Suffering Was a Great Surprise— Can't Say Enough In Its Praise.

"Tanlac acted altogether different from other medicines I have taken, for it went right after my troubles at once, and now after taking only three bottles I am a well woman," declared Mrs. Maude H. Miller, 641 Dempster street, New Memphis, Tenn.

"About three years ago I began suffering from stomach trouble, which continued to grow worse until at times it seemed like I could not live. I had indigestion so bad I couldn't eat a single thing without its hurting me, and my liver was very inactive. After every meal I would bloat up with gas until I could hardly breathe, and my heart acted so queerly that at times I was actually frightened. I was extremely nervous, could not stand the least noise around me, and it was simply impossible for me to get a good night's sleep. I felt tired and worn out all the time, and was so badly constipated I had to continually take something for this as well as my other troubles."

"Some of my friends and relatives had taken Tanlac with such fine results I decided to try it myself. Well, sir, I now have a splendid appetite, can eat just anything I want and never have a sign of indigestion. My liver is active, my nerve in fine shape, I sleep well and have regained my strength so that I can do my housework with greater ease than in years. To tell the truth, there has been such an improvement in my condition I am actually surprised at it, and as Tanlac deserves all the credit I can never say enough for it."

The present year marks the 40th anniversary of the death of Ponce de Leon, the discoverer of Florida.

## ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions.

Take no chances with substitutes. If you see the Bayer Cross on tablets you can take them without fear for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain.

Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid. (adv)

### PILES!

If you are a sufferer with piles, hemorrhoids, blind or bleeding, you will get relief from the first application of Uncle Pete's Remedy (active) for piles and fistula. Perfectly soothing; does not smart. \$1.00 by mail, prepaid.

S. P. O'LEE, Sole Manufacturer, Nicholasville, Ky. (apr29-134F)

"As in the greatest cities so in his own home town—the U. S. Tire user gets fresh, live tires of current production."

### THE U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line.

"In every section, however remote, you find a dealer in fresh, live U. S. Tires."

# Economy rides on U.S. Tires

If you could get together all the car owners you know, you'd probably find that their tire experiences had been much the same.

Most of them have taken their fling at "job lots," "discontinued lines" and "surplus stocks." Soon or late, nearly all settled back on quality first as the one sound assurance of tire value.

\* \* \*

As soon as a man forgets the cut-price tag, and comes to the dealer who concentrates on a full, completely sized stock of U. S. Tires—he learns what it means to get fresh, live tires—not once in a while but every time.

Not merely in the big cities, but in his own home town.

Not merely for the heavy car, but for the medium and light-weight car—a full selection of size, tread and type.

\* \* \*

Your U. S. Tire dealer can give you this service because of the service he gets from his neighboring U. S. Factory Branch. There are 92 of these Branches. Each gets its share of U. S. Tires, so that the dealer is always supplied with fresh, live stock.

U. S. Tires sell as fast as they are made.

There is no over production. No surplus piled up waiting for a "market."

Wherever you buy a U. S. Tire—you buy a tire of current production, as full of life and value as the day it left the makers.

## MILLERSBURG

—Lee Clarke, of Louisville, is the guest of his parents, Mr. and Mrs. J. S. Clarke.

—Rev. P. F. Adams, Dr. C. C. Fisher, Messrs. E. M. Thompson and Allie Miller have returned from the District Conference, which was in session at Moorefield from Tuesday until Thursday.

—Miss Martha K. Ewing, who has been attending college at Millersburg, is at home in Georgetown for a few days visit to her parents, Mr. and Mrs. James V. Ewing. She was accompanied by Misses Monday Greer, of Bardonia, and Sylvia Blades, of Smithfield.

—Onnie Zoeller and family, of Jackson, O., have arrived and are quartered at present at the Central Hotel. It will be remembered that Mr. Zoeller purchased the Majestic Theatre from O. W. Ingels about two weeks ago, and has taken possession of his new enterprise. We extend a hearty welcome to them.

—R. M. Caldwell will sell at public sale to-morrow, Saturday, May 28, at his home on Trigg avenue, a choice assortment of furniture, many of them old family heirlooms. The sale will begin promptly at 2:00 o'clock, p. m. This will be a rare chance to get bargains in household goods. Don't forget the place and date.

—Tuesday at 8:00 p. m., the short commencement exercises of the M. M. I., closed with an English comedy at the Opera House, by the Cadets, assisted by a number of the young ladies of the town. The play, which

was under the direction of Mrs. C. M. Best, was well rendered, and was humorous from first to last. At the close of the exercises, Maj. Nelson, principal of the school, delivered a short address, in which he received the work of the past year, calling attention to the new grounds recently purchased, and the erection of buildings which would accommodate fifty boarding students next year. Catalogues for the next year are now ready, and can be had by applying to Maj. Nelson. The medal for scholarship given by Mr. A. T. Moffett was won by Cadet Williams, and that in the competitive drill by Cadet Fisher. The new institute then took a furlough and will reopen in the new building September 20.

—PUBLIC SALE—I will sell at public sale at my home, on Trigg avenue, to-morrow, Saturday, May 28, beginning at 2:00 p. m., a lot of household and kitchen furniture, consisting of one coal range, tables, chairs, bedsteads, dressers, washstands, sofa, piano, book cases, one baby carriage, one wardrobe, and other articles not herein mentioned. Much of the furniture is old family heirlooms—the things many are now asking for. Don't forget the time and place. Let everybody come.

—The Commencement exercises of the M. C., were continued Monday morning, with a tennis tournament on the campus. Quite a large assembly was present. The games were interesting to those who enjoy tennis. Monday at 4:00 p. m., the young ladies of the M. C. gave a May Day entertainment on the College campus. The Paris orchestra, dispensed delightful music before and after the entertainment. The entertainment was a regular May Day exercise, with the Queen of May, her attendants, milkmaids, shepherdesses, fairies and elves. Miss Davis was crowned Queen of May. The costumes were beautiful. The drills and choruses were well rendered.

At the close of the exercises the American Legion served ices and cakes. Monday at 8:00 p. m. the pupils in music of the M. C. gave an annual concert of voice and piano numbers in the College auditorium, to a large audience. The program was classical and was enjoyed by all present. Large audiences were in attendance at all the exercises on Monday. Tuesday at 10:30 a. m., fourteen young ladies received their degrees in the M. C. Auditorium, and another large audience was in attendance. The exercises were opened with a short musical program, after which Dr. John Hill, Professor of History of Georgetown College, delivered the literary address, and read the honor roll. The scholarship medal given by Mr. A. T. Moffett was won by Miss Alma Metcalfe, of Millersburg. At noon Tuesday the M. C. College closes for its summer vacation until next September, some of the young ladies leaving for their homes in the afternoon and evening, while the larger part of them remained until Wednesday morning.

## CORBIN JUDGE CAPTURES WASHINGTON PICKPOCKET

Judge S. H. Cash, of Corbin, Ky., who has just taken a position as attorney with the Department of Justice, was responsible for the arrest of a pickpocket in Washington, it developed in court. While riding on a street car Judge Cash saw the pickpocket drawing his hand from the victim's pocket. When the police arrived they found their prisoner in the street with the Kentuckian guarding him with a knife.

## RELIGIOUS.

—Charleston, West Virginia, was chosen for the next General Assembly of the Southern Presbyterian church at the sixty-first General Assembly held in St. Louis, Mo., Tuesday.

—The Christian Endeavor Society of the Presbyterian church, will meet Sunday evening at 6:30, subject, "Missionary Progress in Africa." Leader, Mrs. Ireland Davis. All are urged to be present, as we wish to reach our goal of a hundred in attendance at this meeting.

—Rev. W. P. Crouch, who some weeks ago resigned his charge as pastor of the Christian Church at Carls, has accepted a call to become pastor of the Christian Church in Shelbyville, Tenn. He and his family will leave Monday for their new home. Rev. Crouch will preach his farewell sermon Sunday night.

—In accordance with plans, prepared by Rev. Father William O'Hare, now pastor of the Church of the Annunciation, in Paris, work on the new Catholic church at Nicholasville, will begin in the next few weeks. Movement for building the new church was started several months ago while Father O'Hare was pastor of the Nicholasville church. The new building, which is to be erected on the site of the present structure, will be of the English style of the twelfth century.

—Rev. P. F. Adams, pastor of the Millersburg Methodist church, will preach at the Mt. Carmel church, in Nicholas county, at three o'clock Sunday afternoon.

The resignation of Rev. C. W. Elsey as pastor of the Cynthiana Baptist church becomes effective September 1, or as soon as his successor can be chosen. After a pastorate of twelve years Rev. Elsey goes to Williamsburg, where he will assume the presidency of the Cumberland College.

The Endeavor Society of the Christian church will meet in the church parlors at 6:30 Sunday night. The leader will be Miss Elizabeth Rule. All the members are urged to be present.

Christian Church Calendar—Sunday: Bible School, 9:30 a. m.; Morning Worship, 10:45 a. m.; Christian Endeavor meeting, 6:30 p. m.; Evening service, 7:30 p. m. Thursday: B. G. M. Circle, 6:00 p. m. Friday: Missionary Society, 3:00 p. m.

## PRESBYTERIAN CHURCH

—Sunday is Presbyterian Day. Every member of the church, old and young, is expected to be present Sunday morning. "Every Member Present" is the slogan for this service. The subject of the sermon will be "Esprit de Corps." The subject at the evening service will be "Touching Up Heaven." The sermon on this subject will be the last of the series which the pastor has been giving on the "Things After Death." Heaven, as pictured by many, is not a very attractive place to go. A better idea of the next world joys will be the theme of the sermon "Touching Up Heaven." Sunday is Children's Day at the Sunday School. The public is cordially invited to attend these services. Hours of preaching, 10:55 a. m. and 7:30 p. m. Sunday School 9:30 a. m., Christian Endeavor 6:45 p. m.

## BE A BOOSTER!

Boost your city, boost your friend,  
Boost the lodge that you attend;  
Boost the street on which you're dwelling,  
Boost the goods that you are selling;

Boost the people 'round about you,  
They can get along without you,  
But success will quickly find them,  
If they know that you're behind them,

Boost for every forward movement,  
Boost for every improvement,  
Boost the man for whom you labor,  
Boost the stranger and the neighbor.

Cease to be a chronic knocker,  
Cease to be a progress blocker;  
If you'd make your city better,  
Boost it to the final letter!

## MATRIMONIAL.

WOLFORD—SCHROTE  
—Carl A. Schrote, of Paris, and Miss Myrtle Wolford, of Tarrentum, Pa., secured a marriage license in Paris and were married in Covington at the residence of the officiating minister, Rev. D. P. Hall, pastor of the Union Methodist Church. After a short honeymoon trip Mr. and Mrs. Schrote returned to Paris, where they will reside.

The groom is a son of Mr. and Mrs. Wm. Schrote, of Scott avenue, and is an expert auto mechanic in the employ of the C. S. Ball Garage. The bride is a charming and accomplished young woman, who has made many friends here by her gracious disposition.

## HOWARD—WAGNER

—Harry Alvine Wagner, 20, and Miss Bettie L. Howard, 21, were married Wednesday afternoon at 3:30 at the home of the officiating minister, Rev. W. E. Ellis, pastor

of the Paris Christian church. The wedding was witnessed by the bride's father, J. H. Howard. The groom is a son of Mr. and Mrs. J. A. Wagner, all of Bourbon county.

## RUHR—ROWAN

—The Shelbyville correspondence of Wednesday's Louisville Times has the following matrimonial note regarding Paris people:  
"J. C. Rowan, 45 years old, and

Mrs. Cora F. Ruhr, 43, both of Paris, Ky., were married at the court house yesterday afternoon by Judge E. T. Pollard. The bride is a daughter of Frank Shiek and was divorced from her first husband."

Miss Belle Burke has the distinction of being the first woman elected county superintendent of schools in Virginia.
